

PRODUCT DATA SHEET

Item Number : PLP201
Item Name : PIG® LITE-DRI Absorbent
Liquids Absorbed : Oil, Coolants, Solvents & Water
Contents/Package : 1 bag
Colour : Grey

Dimensions : 70 cm x 48 cm x 6 cm
Composition : 100% Recycled Cellulose

Absorbency : 30 L/Bag

Weight : 10 Kg

Description

- Unlike clay, which is simply coated with liquid, fast-wicking recycled cellulose actually soaks up the spill the moment it touches
- Three times more absorbent means you'll use less material on the spill, reducing labour and disposal costs
- 100% recycled cellulose composition is ideal when green products are desired or required
- Silica-free composition is non-abrasive and does not pose the health hazards associated with breathing in clay dust
- Light-weight absorbent is easier than clay to carry and use without injury

Warnings & Restrictions : Hydrofluoric Acid Notice
Not for use with hydrofluoric acid.

Recycled Content : 100% Mixture of Pre- and Post-Consumer Recycled Cellulose
