Description

A large vinyl bag with a wheeled trolley for mobility, packed with absorbents to clean up spills of oils, coolants, solvents and water.

Application

The PIG® Trolley Bag Spill Kit is intended for contingency planning and quick response to non-aggressive liquid spills of oils, coolants, solvents and water. The wheeled feature allows for quick response to spills both indoors and out.

Features / Benefits

- Wide variety of absorbents / An assortment of contained absorbent products to handle non-aggressive spills up to 59.6 liter
- Durable vinyl bag with hook-and-loop closure keeps absorbents dry plus allows easy access
- Wheeled trolley allows the kit to be easily maneuvered to the spill site
- Safety yellow in color / High visibility makes it easy to locate
