Description

- Rigid, resealable pouch packed with PIG Dri Loose Absorbent is perfect for small spills; reduces waste from using too much absorbent when using larger bags of loose
- Allows for quick, more precise dispensing with less dust; no scooping or shoveling needed
- Easy-to-handle pouch helps reduce injuries from lifting heavy bags of loose
- Compact, saves space and fits easily inside spill kits, workbenches and vehicle compartments
- Each pouch holds approximately 1,35 kg of PIG Dri Loose and absorbs up to 1,4 litres

Warnings & Restrictions	: Hydrofluoric Acid Notice: Not for use with hydrofluoric acid
Recycled Content	: 100% Pre-Consumer Recycled Cellulose
